

# The Jericho House

## THE REALITY

Addiction is not a logical problem; it is a living problem. It is not a self-control problem; it's an inability to accept God's grace. Those facing addiction experience sobriety at some point in their lives, but frequently find life too painful to remain sober. *This means there are some things that only God can heal.*

*"It is for freedom that Christ has set us free. Stand firm, then, and do not let yourselves be burdened again by a yoke of slavery."  
Galatians 5:1*
